Request for Ambulance Remount

El Campo EMS was successful in securing a grant for \$75,000 for an Ambulance Remount that is currently needed due to the condition of the fleet and escalating maintenance costs. A memo is attached that explains the need and this was presented to ESD#4 last week and they approved funding half of the difference that was not covered by the grant leaving a balance of \$32,664.22 that is available in the EMS reserves which were estimated at \$489,761 at September 30th. This funding was not included in the budget as it was not moving forward without the successful grant award but it is a definite need at this point.

Staff recommends approval of this purchase.
